Efficienza e comfort visivo.

Efficiency and visual comfort.

La scelta di componenti qualificati migliora la qualità degli ambienti. L'impiego di un profilo con sorgente arretrata ed uno schermo luminoso microprismatico accrescono il valore dell'installazione garantendo la massima efficienza luminosa.

Qualified components improve the quality of the environments. Aluminium profiles with recessed source and microprismatic shade increase the installation value with maximum luminous efficiency.

Per la configurazione microprismatica è necessario ordinare il diffusore cod. PR02159 o PR02153.

Microprismatic version
order shade code
PR02159 or PR02153.
