Wall lamps

Una doppia emissione asimmetrica che consente di illuminare in modo ottimale sia i percorsi che il soffitto. Gonio è una lampada a parete dalla geometria semplice e lineare che attraverso l'impiego di lenti risponde con funzionalità ad una distribuzione orientata in modo preciso.

A double asymmetrical emission that allows you to optimally illuminate both the paths and the ceiling. Gonio is a wall lamp with a simple and linear geometry which, through the use of lenses, responds with functionality to a precisely oriented light distribution.
